"A WELL TRAINED DOG IS A HAPPY DOG"

Waggin' Tales

TO ALL OF MY FRIENDS AT FOX VALLEY DOG TRAINING CLUB

Since the onset on my illness over 1 1/2 years ago I have been struggling with work most people would call every day duties. Through God's grace, I have been blessed with some wonderful friends. I am truly thankful for all the kind favors that I have received from them. They have done yard work for me, groomed my dogs, brought me food, and run errands to name just a few things.

1992 AWARDS BANQUET

Another awards banquet is history. We appreciate all who "weathered" the storm. We had an excellent turn-out. (Too bad that the snow didn't wait for our tracking test!)

Ingrid, Kim, and I hope everyone who attended enjoyed the evening. It was exciting for us and it gave us great pleasure to see how pleased everyone was with their awards. Our "special guests" and the workers in the restaurant were very impressed with the beautiful awards FVDTC offers it's members.

We must apologize to Sally Compton, our director-at-large. We left her off the list of board members and therefore she was not introduced. Sally, we are truly very sorry. It was a stupid mistake, an oversight that should not have happened. Talk about "Boner of the year!"

MEMBER NEWS

NEW PAWS

In late December we brought home our new black Labrador puppy. LISA is a whole lot more work than our 8 year old yellow, Sarah, but we're all having fun.

Anne will be on the receiving end of the instructor's commands come March. She will be starting all over again with great hopes.

HOME WITH KENNEL LOOKING FOR A NEW OWNER!!

10 miles west of St. Charles.

THE HOUSE...approx. 2200 sq ft brick ranch, 3 bedroom, 2 1/2 baths, family room, large country kitchen, living room with fireplace, dining room, extra large basement with fireplace, screened in porch, 2 car garage.

THE PROPERTY...1 1/2 acres in the country, only neighbors are across the street, open but private, large in-ground swimming pool, newly landscaped, new black topped circle driveway.

THE KENNEL...heated outbuilding built in 1987, 6 in/out runs with Pickwick dog doors, (could be expanded into more runs). Paneled inside with drop ceiling. Pea gravel runs outside. Very clean and comfortable environment.

We would really like to sell our home to someone with dogs who will take advantage of the location and the kennel that we spend so much time and money building.

If you're interested or know anyone who might be interested, please call Denise Schiele, 365-5464.

NEWS FROM TERRY SIDELL

I was the first place winner at the Juried Art Show at The Dog Show for my jewelry entry of Best Work Depicting a Poodle. The inlaid piece of jewelry was done in Rosewood & Ivory of a Poodle going over a bar jump. It was titled "Bar Jump."

Rick Sidell, Certified Arson Investigator, has talked to arson officials in California about a substance he found in a local fire that is used by animal activist groups to set fires. It is by Pine Mt. Corp. called Fire Flakes. It can be found at your local Osco. Only a match is need to ignite.

Our next award we call the "LOVE AWARD".

It takes "3 Legs" to earn an AKC title, but because this wonderful little dog only has 3 legs he cannot earn AKC titles. The Awards Committee chose to recognize this Dog/Handler team because of the love they have for each other. Jim could have "given up" on Kiefer, but he did not. He committed to care for, work with and love him. Kiefer knows he is a lucky dog and he works his heart out for Jim. Watching this team work on training nights, you can just see and feel the love they share.

Jim Ott, we are proud to present this award to you and Kiefer. Thank you for showing all of us, what a true committment to that "cute little puppy" we choose, should be. True love is unconditional!

=====

The following is another very special award:

A few years ago, a petite person brought her huge, happy puppy to our training class. As we remember, she went through our beginners class twice with this growing happy puppy. She joined our club and graduated into Ellen Sidwell's class. There the growing puppy continued to have great fun, at the expense of its handler. At one point, the handler was about to "give up", but many F.V. members gave her lots of encouragement to "hang in there". The happy growing puppy was learning so much. The often discouraged and humiliated handler changed her mind and continued to work with her huge happy 150 pound Great Dane!

Lo and behold, they received their AKC Companion Dog degree. With all her problems with this dog, the handler became a very competant and very understanding instructor for FVDTC.

Because of her being so game, the petite member received a special award at the FVDTC Annual Awards Dinner, the "P.P.P.-AWARD" for patience, practice and perserverance.

On to Open - Galantly the huge dog retrieved his huge dumbbell and jumped those jumps. That "down-on-recall" was quite a feat, but the huge happy dog managed to fold himself down enough times to receive 2

then the move to Colorado with his proud family came along, she no longer could watch and enjoy him at training night. How we all missed "that team".

Last fall, soon after the move, tragedy struck and our big friend went to the Happy Hunting Grounds with just 2 Legs towards that coveted CDX.

Many of their admirers feel this team would have "done it" and the CDX would have been achieved. So we agreed, a "CDX Equivalent Award" should go to them. We are sorry the handler, Mary Parenti, is not present tonight to receive the award, but Mr. UPS will deliver it for all of us.
